5 TRANSACTION AUTHORISATIONS AND AUTHENTICATION

Authorisation

- 5.1 You must:
- (a) without limitation to the remainder of this clause, comply with any authorisation procedures of which we advise you including, without limitation, in relation to electronic commerce transactions and MOTO transactions;
 - (b) obtain prior authorisation from us on the transaction date:
 - (i) if the transaction is for the payment of an instalment for goods and/or services; or
 - (ii) as instructed by us through the equipment or otherwise;
 - (c) for a point of sale transaction, obtain prior authorisation for any transaction on the transaction date where:
 - (i) the embossed or printed account number on the nominated card is different from the account number or the displayed account number indented or encoded or otherwise shown on the nominated card;
 - (ii) you suspect that a signature is unauthorised or there is an unauthorised use or forgery of the nominated card;
 - (iii) the nominated card signature panel is blank; or
 - (iv) we have told you not to accept the nominated card, and seek to retain the nominated card by reasonable, peaceful means until that authorisation is given; and
 - (d) for an electronic commerce transaction, submit the expiration date of the nominated card and the CVC2 and CVV2 (as relevant) to us, identify the transaction as an electronic commerce transaction and seek authorisation using the applicable equipment.

5.2 For a MOTO transaction or an electronic commerce transaction requiring goods to be shipped, you may obtain an authorisation from us up to seven (7) days before the date on which the goods are actually shipped. If your delivery of merchandise is not completed or services are not performed within seven (7) days of the date of such authorisation, then that authorisation will have expired and a fresh authorisation must be obtained for the balance of the transaction in respect of which delivery of merchandise has not been completed or services have not been performed.

5.3 You must seek to recover or retain a nominated card by reasonable, peaceful means when we request you to do so. You must notify us when you have recovered or retained a nominated card and comply with such further instructions we give you.

5.4 A point of sale transaction or electronic commerce transaction will usually process an authorisation request automatically. If, for any reason, such transactions are not processed automatically, you must obtain authorisation by another method.

5.5 You acknowledge and agree that obtaining authorisation for a transaction is not a guarantee of payment arising from that transaction. An authorisation only confirms that at the time the authorisation was obtained the card number exists and is valid and the card has not currently been listed as lost or stolen at the time of the transaction and that the card has sufficient funds to cover the transaction. For example, it does not guarantee that the person using the card is the genuine cardholder.

Authentication

- 5.6 You acknowledge and agree that to participate in the authentication procedures you must:
- (a) currently be receiving internet merchant services from us;
 - (b) have had your payment processing systems and equipment approved by us;
 - (c) maintain and operate the merchant software in accordance with all the requirements which we or the card schemes have notified to you;
 - (d) keep any password we give you secure and not disclose it to any third party who has not been authorised by us or you;
 - (e) comply with all manuals, guides or directions we or the card schemes give you from time to time regarding the authentication procedures;
 - (f) unless we agree otherwise, send us an authentication request each time a cardholder wishes to purchase goods or services from you on your website using their card;
 - (g) carry out any additional authorisation procedures which arise out of authenticated transactions and of which we advise you in writing; and
 - (h) immediately take action to remedy any default or non-compliance of which you become aware and promptly

5.7 you must not:

- (a) change your payment processing systems and equipment for the purposes of the authentication procedures unless we have first approved the proposed change to any of them; or
- (b) use or alter any logos, names, trademarks, get ups or holograms for a card scheme for or in relation to the authentication procedures without our prior written consent.

5.8 Subject to the card issuer adhering to applicable card scheme rules relating to authentication, if you send us either:

- (a) an authenticated transaction; or
- (b) an attempted authenticated transaction, which we then authorise and process,

we will not charge it back to you on the basis that the cardholder claims that they were not the person who purchased goods and services from you on your website. In this case, to the extent of any inconsistencies between 5.7 and the remainder of these general terms and conditions, 5.7 prevails.

5.9 Subject to the card issuer adhering to the applicable card scheme rules relating to authentication, if you send us:

- (a) either:
 - (i) a non-authenticated transaction; or
 - (ii) an unavailable for authentication transaction, we may in our absolute discretion decide to accept the transaction for processing and, if we do:
 - (i) we will process it as though you were not participating in the authentication procedures and the usual chargeback provisions in 9 will apply; and
 - (ii) you acknowledge and agree that we may but are not obliged to accept any further non-authenticated transactions or unavailable for authentication transactions from you for processing.

5.10 You must not accept a failed authenticated transaction for processing.

5.11 You acknowledge and agree that:

- (a) the authentication procedures are based on card scheme rules which may vary from time to time. You agree to promptly comply with any variations which are initiated by the card schemes or are introduced by us and of which you are notified in writing by either us or the card schemes;
- (b) any fines, penalties or similar costs imposed on us by a card scheme because of your conduct arising out of the authentication procedures are payable by you as a fine or penalty in accordance with clause 13 of this agreement;
- (c) we are not liable for any loss or damage (including indirect and consequential) you suffer or incur as a result of your participation in the authentication procedures except to the extent that your loss or damage was caused by our negligent or fraudulent acts or omissions;
- (d) if you send us either a non-authenticated transaction or an unavailable for authentication transaction you do so at your own risk and understand that in doing so we may chargeback the transaction to you on the basis that the cardholder alleges that they did not purchase goods or services from you on your website;
- (e) we may decide to suspend or terminate your participation in the authentication procedures in our absolute discretion; and
- (f) once you no longer receive internet merchant services from us you no longer are entitled to participate in the authentication procedures and must immediately destroy the password and any other materials including without limitation any guides and manuals regarding the authentication procedures which we have given you.

5.12 If we decide to suspend or terminate your participation in the authentication procedures:

- (a) we will notify you as soon as practicable of our decision to do so;
- (b) while your participation has been suspended or terminated, we will continue to process your transactions in accordance with this agreement as if you had not participated in the authentication procedures. In this case, the usual chargeback provisions in 9 will apply; and
- (c) any such suspension will continue until we notify you of our decision to reinstate your participation.

Recurring transactions

5.13 You may only process a transaction as a recurring transaction if:

- (a) you have obtained cardholder permission (either electronically or in hardcopy) to periodically charge for a recurring service;
- (b) you retain this permission for the duration of the recurring services and make it available to us on request; and
- (c) you provide a simple and accessible online cancellation procedure, if the cardholder's permission to periodically charge for a recurring service was initially accepted online.

- (d) nothing in this agreement is to be taken to be an offer by BNZ to provide, or to be an obligation to provide, any service directly to you;
- (e) BNZ is not liable to you in respect of any amount payable to you in connection with your use of the merchant services;
- (f) the amount of any payment request processed as a card payment using the BNZ Services will be paid to us by BNZ and will be credited to your account by us under the terms of this agreement;
